

Mourning Parents Act, Inc., also known as !MPACT, is a nonprofit 501(c)(3) organization whose mission is to eliminate tragedies caused by inexperienced drivers through awareness, education and legislation.

!MPACT was founded by the families of three teens who were killed in separate car crashes within an 11-day period and a 25 mile radius of one another in December of 2002.

Members of !MPACT have either lost young family members or friends in motor vehicle crashes. They volunteer their personal time and resources to advance the mission of the organization.

!MPACT has developed the *Drive 4 Tomorrow* teen driving safety program in which members share their experiences in a powerfully emotional presentation that not only has an immediate effect on the audience, but makes a lasting impression. Feedback from attendees indicates that the *Drive 4 Tomorrow* program effectively reduces risky driving /riding behavior in teens.

!MPACT has also developed a program for parents, educators and law enforcement officials; and works closely with legislators to advance legislation that protects teen drivers, their passengers and the people who share the roads with them.

Your support will help us to:

- continue to develop !MPACT's Drive 4 Tomorrow program to assure effective, evidence-based results;
- expand our outreach to teens and parents throughout Connecticut and surrounding states;
- continue to offer !MPACT's Drive 4 Tomorrow program and other services to high schools at no charge;
- purchase needed equipment for presentations;
- expand our billboard awareness program;
- And promote state and federal safety legislation.

Again, on behalf of our !MPACT team, thank you so much for your support!

Donna Jenner, President, !MPACT
